Dear Bob:

As we are nearing completion of our 39,00 square foot education/family life building, we wanted to let you know how glad we are that we awarded this building contract to your firm. You and your team have produced a building of superior quality. Although we know your company currently has several larger projects in progress, you have given ours your diligent attention. We appreciate you and project manager, Dick Howell, remaining in constant communication with us regarding the myriad details involved in a building of this magnitude. It has also been very beneficial to us to have you work so closely with ARB Architects. What we appreciate most though is your attention to value, we feel that you have managed to provide the highest quality materials while respecting our budget parameters. We realize that we are very fortunate to have enjoyed an extremely positive relationship with you through every aspect of this project.

We look forward to working with you on the extensive remodeling of our current facility. Since it seems that God is blessing us with tremendous growth, at least one more phase of building is inevitable here. We would like nothing better than for Bob Reich Construction to be our general contracting firm in the future. We would confidently recommend your company to any prospective customers. May the Lord continue to bless your business.

Sincerely,

Randy Weeaks
Pastor
